- English (Fluent)

## PROFILE

Hello, I'm a dedicated Software Developer with 4 years of experience, and I also have 5 years of experience in Cyber Security/ Penetration Tester. My passion lies in crafting secure and efficient software solutions. Alongside my development work, I have a strong focus on cybersecurity, ensuring that the applications I build are not only functional but also secure. I'm actively honing my skills on platforms like PortSwigger, APISEC and TryHackMe, staying up-to-date with the latest trends and techniques in cybersecurity. I thrive on solving complex problems and continuously learning new technologies to stay ahead in the fast-evolving tech landscape.

## WORK EXPERIENCE

### AutoCredit - Moniwave

2022 - PRESENT

Software Developer

- Utilized Vue.js for the frontend and Laravel for the backend.
- Integrated Monicredit for seamless payment management.
- Managed session timeout with Sanctum and Vue.js, ensuring optimal security and user experience.

### AutoCredit

2023 - PRESENT

Penetration Testing

- Conducted security audits and vulnerability assessments, ensuring the platform is resilient against attacks using tools like OWASP ZAP and Burp Suite.
- Conducted penetration testing on web and mobile applications to identify vulnerabilities and secure systems.

### Puresec Agency

2023

- Conducted penetration testing on web and mobile applications to identify vulnerabilities and secure systems.
